### SKILLS

- ❖ HTML, CSS, JavaScript, Bootstrap, jQuery
- ❖ GitHub

### EDUCATION

- ❖ ICS | Punjab College (2022- 2024)

### PROFESSIONAL EXPERIENCE

- ❖ **Front-end Developer** | *Services Ground-pvt Ltd Sahiwal* (April–September2024)

Experienced Frontend Developer proficient in HTML, CSS, Bootstrap, and PHP. Demonstrates a strong ability to create intricate and visually captivating front-end designs for websites. Adept at transforming conceptual ideas into responsive and user-friendly interfaces. Proven track record in crafting engaging and dynamic web experiences with an emphasis on frontend development.

### PROJECTS

- ❖ **Expertise in API Integration and Visualization**

I've integrated stock data APIs to display real-time market data and customized stock charts using the [rapidapi](#) JavaScript library. My expertise includes adjusting chart features for dynamic solutions and creating tailored visualizations. Additionally, I ensure charts are fully responsive across various devices for optimal performance.

- ❖ **Strong Proficiency in amCharts for Dynamic Chart Solutions**

With a deep understanding of [amCharts](#), I have successfully developed tailored chart solutions. This includes adjusting chart types, data presentation, and interactive features to create dynamic and visually appealing visualizations that meet unique requirements.

- ❖ **Skilled in Optimizing Chart Responsiveness Across Devices**

I excel in enhancing the responsiveness of charts, ensuring seamless functionality across various devices such as desktops, tablets, and mobile phones. My expertise allows me to configure charts to adapt to different screen sizes while maintaining clarity and performance.

### ACHIEVEMENTS

- ❖ **Responsive Web Design** (FreeCodeCamp). (August 2024)

- ❖ **Responsive Website** (Udemy.com) (September 2024)
